GENERAL STRIKE IS ORDERED IN RUSSIA

Will Begin at Noon On Saturday, Aug. 4th.

ARTILLERYMEN HAVE MUTINIED

Premier Stolypin Has Gone to Peterhoff With the Intention, It Is Believed, of Tendering His Resignation.

St. Petersburg, Aug. 3.—6:05 p. m.—The strike here has already affected 150,000 men, including the employes of the electric lighting plants.

St. Petersburg, Aug. 4.—A general strike has been formally ordered to begin in St. Petersburg Saturday at noon and as a preliminary the men employed in a dozen establishments went out at noon Friday.

St. Petersburg, Aug. 3.—3:10 p. m.—Premier Stolypin has gone to Peterhoff with the intention, it is believed, of tendering his resignation.

Warsaw, Aug. 4—The artillerymen in the summer camp at Rembertoff, near Warsaw, have mutinied. Infantry and Cossacks have been dispatched to quell the revolt.

St. Petersburg, Aug. 4.—All the stations of the Finnish railway between St. Petersburg and Viborg as well as the entire length of the coast, which the line skirts, have been occupied by troops.

Hensingfors, Aug. 4—Sveaborg fortress is completely in the hands of the government. The prisoners have been marched out and sent to Skuttuidea Island, where they will await trial.

The socialistic Red Guard Thursday evening made last effort to bring about a general strike. They marched in force to the power house of the street railroad and ordered the men to strike. Upon their refusal the guards attempted to destroy the buildings.

The police and the communal guards were summoned, and a fight followed, resulting in the killing of the assistant chief of police and several communal guards, and a number of the Red Guards. Cossacks were summoned and separated the combatants. The Red Guard consists of the greater part of the Finnish proletariat, while the communal guards are made up of the middle and wealthy classes, and are organized to maintain order and protect property. They are armed with rifles, and are under almost military discipline.

The government is handling the situation carefully, fearing that the movement may spread throughout the country. The Cossacks are used only in extreme cases, and then they disperse crowds with more gentleness than they do in Russia.

It transpired that the sharp fighting and firing heard from Sveaborg between 4 and 5 o'clock Thursday morning came from the infantry reenforcements dispatched there for the purpose of constructing pontoons from island to island, in order to reach the fortifications from the mutineers. The troops were supported by a cannonade from the fortress on Santsaari Island. The attempt was successful, and the government flag was raised at noon, showing that the Sveaborg fortress was in the hands of the loyalists.

Some two thousand reinforcements of troops have now arrived at Helsingfors. During the night the telegraph lines were cut, severing communication with Viborg and a small railroad bridge between here and Viborg was blown up. The bridge was subsequently repaired.

Trains from St. Petersburg are arriving here after great delay, one of the railway bridges having been blown up with dynamite, but it was soon repaired.

The casualties at Sveaborg were many, but 500 is undoubtedly an unexaggerated number.

The officers' wives showed daring devotion as nurses. The wounded loyalists suffered considerably, as they were ill supplied with medical supplies.

NORTHERN NEGROES CALLED.

Georgia Black Tells Negroes to Let Whites Alone.

Washington, Aug. 4—Before the Negro Young People's Educational Congress, A. J. Cobb, of Barnesville, Ga., in an address, said:

"You negroes in the north let the southern negro alone. He can take care of himself. He is a friend of the white man, and the white man is a friend of his. You discuss racial problems, never forgetting to bring the white man in. Let him alone. Stop antagonizing him and mind my words, he'll be your friend. Why, down south I have actually forgotten that I was a black man until I looked into the looking-glass."

Rev. H. H. Proctor, of Atlanta, discussed "What Can Be Done To Eradicate Prejudice," and said:

"My advice to my race is, save, accumulate, buy property; golf alone will open to us the portals of equal opportunity."

Steamer Newton Sinks.

Elizabeth City, N. C., Aug. 4—The steamer Thomas Newton enroute to Elizabeth City from Norfolk, Va., was run into by the barge Mars, towed by the tug Erickson, both of Philadelphia, in Pasquotank river, 1 mile from the Dismal swamp canal, and the Newton sank immediately. The cargo consisted of general freight and lime and the latter ignited, burning the boat to the water's edge. It is said the vessel's owners will claim $7,000 damages. The Newton was built in Norfolk in 1881 and was of 47 tons gross tonnage. Her normal crew was of nine men. No one aboard was injured, so far as known.

Former Mayor Gets 12 Years.

Paterson, N. J, Aug. 4—William H. Belcher, who, while mayor of this city, absconded a year ago and who surrendered himself on Monday last, was sentenced Friday to 12 years' imprisonment in the state prison at Trenton on a charge of embezzlement. Belcher disappeared from this city about a year ago while he was mayor. He was alleged to have embezzled from $100,000 to $150,000 from personal friends and from the Manchester Building and Loan association which was forced to suspend business.

Washout Wrecks Mixed Train.

Augusta, Ga., Aug. 4.—Southern railway train No. 103, a mixed passenger and freight from this city to Columbus, ran into a washout 2 miles this side of Both, derailing the entire train and more or less completely wrecking the engine and three freight cars. The engineer and fireman escaped by jumping, but both were slightly injured. The incoming passenger train had passed the spot but a short time before and there was then no indication of a washout.

Dismissed from Service.

Washington, Aug. 4.—W. A. Miller, assistant foreman of the bindery of the government printing who was suspended by the public printer on July 21 for insubordination and insolence, was dismissed from the government service Thursday. Miller's former suspension in 1903 was the cause of President Roosevelt's order declaring the government printing office and all offices where workmen are employed by the government to be "open shops."

Posse Is Hot After Negro.

Milledgeville, Ga., Aug. 4—Joe Morris, the negro youth who recently attempted to assassinate the family of George Bloodworth, a farmer living a few miles from Macon, is hiding in a swamp near Milledgeville. A posse of men in buggies, on horses and afoot, all armed surround the swamp. A report of a lynching has reached Milledgeville, but is unconfirmed. Bloodworth is in a critical condition from his wounds.

Negro Ball Player Drops Dead.

Chicago, Aug. 4—Having become overheated while playing baseball, Charles Arnold a negro, 22 years of age, dropped dead.

Riga, Livonia, Russia, Aug. 4—A secret revolutionary meeting which was attended by 500 persons, was surrounded by dragoons, who captured every man present.

TWO IMPORTANT BILLS PASSED RY SENATE

People to Elect Railroad Commissioners---Long Lease for State Road.

WILL AGREE ON WILLIAMS BILL

Representative Kelly, of Glascock, Who Introduced Bill in House for Election of Commissioner, Says He Will Accept the Senate Bill.

Atlanta, Aug. 4.—The senate Thursday passed bills for the election of railroad commissioners by the people and for the lease of the Western and Atlantic railroad for 60 years at $60,000 per month.

Senator Williams' bill for the election of railroad commissioners by the people was passed by a vote of 41 to 7. The senate immediately transmitted the bill to the house and the latter body is expected to consider and adopt it.

Representative Kelly of Glascock, whose bill was passed by the house, stated after the passage of the Williams' bill that he would accept it. His and the other are identical. The senate committee saw fit to favor the Williams bill as a substitute for the Kelly measure.

At the next general election the people will vote on some one to succeed to the place to be made vacant by the expiration of Hon. Joseph Brown's term. Mr. Brown refuses to state whether he will be a candidate for the office until the house has considered it.

Those speaking in favor of the measure were Senators Bond, Steed and Crum. There was no opposition. When Senator Williams' name was reached on the roll, votes being recorded, he said: "Fellow senators, this is the happiest moment of my life. I thank you for passing this bill. In my opinion this is the most important piece of legislation done this session."

The bill provides that commissioners shall be elected by the electors who are entitled to vote for members of the general assembly. Successors to the incumbents shall be elected at first general election preceding expiration of their term of office. That is, at the general election in October, 1906, one shall be elected to succeed the incumbent whose term expires October 15, 1907; one shall be chosen at the general election in 1908 to succeed the then incumbent, whose term shall expire in 1909; one shall be chosen in 1910 to succeed the then incumbent whose term expires in 1911 and so on.

Election of such shall be governed by the same rules and regulations applying to the gubernatorial election. In case of a vacancy it shall be filled by the governor.

Lease of the State Road.

The amended bill of Senator McHenry providing for the lease of the Western and Atlantic railroad for 60 years at $60,000 per month, was passed by a vote of 27 to 12.

Senator McHenry's original bill provided for a lease of 99 years at $60,000 a month. The Western and Atlantic committee amended the bill, by striking out the 99 years and substituting 60. This was done at the instance of Senator Bond.

Senators Miller and Bond made arguments against the bill as amended. The former contended that it should not be leased for more than 30 years and at a minimum of $80,000 per month. This he presented as an amendment, but it was voted down.

He then showed that according to the reports of the present lessees in 1881 the gross income per mile was $7,000, later $12,000, and in 1905 was $19,000.

The only other matter of special importance was enactment of an amended measure by Representative Calloway, allowing all confederate veterans and their widows pensions, conditions notwithstanding.

By an overwhelming vote of 132 to 2 the house of representatives passed a bill to regulate the running of all automobiles and other motor propelled vehicles upon the public highways of the state.

Briefly summed up, the substitute of Mr. Felker, of Bibb, which was passed, conforms to the law of most of the northern states, modifying the original bill by Mr. Lumpkin, of Walker, who spoke in behalf of the adoption of the substitute.

For a time at least, the house will hold no afternoon sessions, the resolution of Mr. Calvin, of Richmond, to hold daily sessions of the house from 9 o'clock in the morning to 1:30 o'clock in the afternoon, prevailing. This resolution prevailed, also the provision limiting debate on the final passage of any measure to one hour, individual speeches being limited to 10 minutes. This will expedite business.

Bryan Is Endorsed.

Detroit, Mich., Aug. 4—Indorsement of William J. Bryan for president in lieu the defeat of a resolution calling upon the national Democratic committee to investigate the charges made against National Chairman Thomas T. Taggart and demand his resignation if they were proved, and the nomination of Charles H. Shumacker, of Cassopolis, for governor over Stanley E. Parkhill, of Owosso, the only other candidate after a roll call ballot were the features of the Democratic state convention held here Thursday. About 1500 delegates attended the convention.

Steamer Sinks in Lower River.

Pensacola, Fla., Aug. 4—News was received here yesterday night that the steamer Gertrude of the Independent Steamship company line from Pensacola to Apalachicola went to the bottom at Myrtle point, in lower river, half way between Bells Ridge and Apalachicola, Monday last. It is not known what, if any, cargo was saved. Steamboat men here say it will cost $12,000 to raise the Gertrude. The Gertrude cost $30,000 and was enroute from Apalachicola to Carrabridge.

Confesses to Embezzlement.

Philadelphia, Pa., Aug. 4—Clifford S. Hixton, 28 years old, a bookkeeper for the Union Trust company, of this city, is in jail, charged with embezzlement and bail is fixed at $20,000. Hixter is said to have made a confession, in which he says his peculations will amount to about $125,000. He says he speculated in the stock market. Another employee is implicated in Hixton's confession and his arrest is imminent.

Bogus Checks Charged to Woman.

Augusta, Ga., Aug. 4—Manager Mooney, of the E. M. Andrews Furniture company, swore out a warrant Thursday afternoon for Mrs. Francis Herricks, who claims to be from New York city, charging her with passing a number of bogus checks in Augusta. Monday says Mrs. Herrick came to Augusta Saturday night to pay a small amount and got him to cash a check for $100, which has proved to be worthless.

Hargis Witness Ambushed.

Jackson, Ky., Aug. 4—Asbery Spicer, a prominent witness against Judge James Hargis and others in the recent murder cases, was fired on from ambush late Thursday near his home on Middle fork of the Kentucky river. One shot took effect in his back. He was returning from Jackson, where he had been to appear in the case of John Smith and John Abner.

Flour Mill Destroyed By Fire.

Albany, N. Y., Aug. 4—The steam stock flour house owned by Henry Russell of this city, was practically destroyed by fire Friday. The building was 120 feet long and 70 feet in width with a capacity of 35,000 barrels. About 9,000 barrels of flour were destroyed. Mr. Russell was unable to state just what the loss would be by the fire.

No Nomination Made.

Memphis, Aug. 4—Complet returns from the several counties comprising the tenth congressional district indicate that no nomination was made in Thursday's Democratic primaries. General George W. Gordon and John W. Apperson, the two leading candidates will therefore enter a run off on Aug. 11, when a special election will be held.

TWO S. C. A. OFFICERS ARE CONDEMNED

Result of Cotton Association Investigation.

FINDING DELIVERED TO JORDAN

The Committee Condemns Secretary Cheatham and Manager Fairchild in Strong Terms—Committeeman Seymour Makes a Few Remarks.

Atlanta, Ga., 4. The committee of the Southern Cotton association appointed to investigate charges against officers of the association made its finding Tuesday and submitted it to President Harvie Jordan, who will lay it before the executive committee of the national association at an early a day as possible.

The finding of the special committee strongly condemns the act of Secretary Richard Cheatham in speculating, even if it was for another person, as Mr. Cheatham contended.

It also states that it can find no reason to excuse Mr. Cheatham using the word "secretary" in signing individual checks, as he did when making payments to the bucket shops. This, it is stated, meets with the strongest condemnation by the committee.

The same findings are made in reference to A. A. Fairchild, manager of the publicity bureau, who admitted that he owned stock in a bucket shop.

The committee made no recommendation, believing that a double finding was all that was within its power.

The committee took occasion to say a word about what they believed to have been the motives that inspired the charges and they also had something to say about the "prosecution" and about bucket shops in general.

By all who heard the investigation it is believed the committee held a full, fair and impartial trial, securing all possible evidence and weighing it carefully. Even witnesses who had circulated reports that were based only on hearsay evidence were summoned and forced to admit that they knew nothing.

Both prosecution and defense were given a full and free opportunity to introduce any witnesses they wanted.

The only member of the committee who would have anything to say about the investigation after it was over was Mr. Seymour, who had been chosen as secretary and who sent out copies of the finding. Mr. Seymour said:

"Our committee, I believe, has gone over the matter fully and carefully and our verdict is a right and proper one. We took care to have it appear that Representative Anderson was the prosecutor. We also said something about bucket shops, and why the charges against C. H. officers came to light just at this time. We have sent our finding to the president, and he will lay it before our national executive committee."

Improvements For Telephone Co.

Chicago, Aug. 4—The Illinois Telephone company, the telephone end of the Illinois Tunnel company, has completed arrangements to make connections with all the long distance independent lines in the United States. President Albert Wheeler said this long pending deal had been made. For two years, the Illinois Tunnel people have been trying to get connections outside of Chicago with the Independent telephone association of America. This system extends from the state of Maine to Mexico.

Higgins Sent His Dollar.

New York, Aug. 4—Governor Higgins has sent his dollar to the Republican campaign committee. With it he sent this letter to Representative Sherman, of the committee: "Permit me to follow the splendid example of President Roosevelt and enclose my dollar as a contribution to the campaign fund."

Sir Henry Waterlow Dead.

London, Aug. 4—Sir Henry Waterlow, who was once lord mayor of London, is dead. He was born in 1830.

MR. HARMELING TO HELP FLORIDA

Will Advertise State Broadcast Throughout the North.

HE WILL INDUCE IMMIGRATION

Is Particularly Impressed With Finlanders, Who Appear to Be Honest, Conscientious and Progressive—A Big Scheme.

There are going to be some new developments in Gainesville and vicinity within the next few weeks, if the efforts of V. P. Harmeling are to count for anything.

Notwithstanding that Mr. Harmeling is a young man, he is full of energy and push, and will show the people what he can do in the matter of inducing immigration to this State.

Mr. Harmeling is a native of Bristol, Va., but has been a resident of Florida for the past four years. He first settled at Madison, a progressive city of West Florida, the county seat of the county which bears the name. After reading the papers and other literature of the advantages of the various sections of the State, which are quite diversified, he decided that Alachua county was one of the most fortunate counties in Florida as far as soil was concerned. Gainesville having been selected as the site for the University of Florida was another inducement, and taking all things together he decided to come here and make it his home.

Mr. Harmeling is by trade a milliner. He decided to come to Gainesville and establish a large wholesale and millinery business, and with this idea in view, realizing at the same time that Gainesville was a good town, did not take into consideration the fact that business houses were scarce here, and arrived in the city with the intention of renting a place and opening up immediately; but he found a scarcity of desirable buildings here which was alarming, with the result that he advertised his line, which was placed in a small building, at cost, and sold out the same at actual cost to the public.

But Mr. Harmeling was not despondent. In fact he realized that Gainesville and Alachua county was all right, because of the fact that everybody seemed satisfied and happy. The truckers, as had been evidenced by their shipments and returns, were living well, and he felt that everything was progressive in this section.

Mr. Harmeling did not desire to leave Florida, and as a result decided to remain in Gainesville. He has been negotiating since in real estate and has been prosperous. He proposes now, however, to extend his territory, and will not only push this immediate section, but proposes to list property everywhere in the State. He has arranged with a number of papers in the North to advertise Florida in general and Alachua county in particular, and invites the foreigners especially to come to Alachua county, purchase a small tract of land, engage in trucking or horticulture, and become independent. He is particularly interested in bringing Swedes to Florida, as he declares that these people are among the most progressive and the most honest in the world. "I have seen a great deal of the foreign element," he said; "I have seen Italians, who as a rule are good, hard-working people and make fairly good citizens; I have seen Germans, who would make a fine 'bunch' if they would work together. Germans are good fellows, but they won't stick as colonists. I have seen and noted other foreigners, but when it comes down to foreigners who can be trusted as a whole, give me the Finlander. Honest as the day is long, always ready to meet the neighbor half-way, the Finlander makes a good and progressive citizen, and I want to induce some of the 3,000,000 who are in this country now to come down and make their home with us."

While Mr. Harmeling will push this immediate section for all it is worth, he will also have an eye to real estate in other sections of the State, and will be in a position to locate colonies at any point. He proposes to advertise Florida in many leading papers of the North and Northwest, and will likely be the means of bringing many people to Florida.

Mr. Harmeling will not only look after the location of colonists here, but will also conduct a general real estate agency, where those who are disposed may secure whatever information they may desire in regard to the State. He is also having printed for distribution a large number of pamphlets descriptive of Gainesville and Alachua county, and will distribute the same liberally throughout the country.

Offices will be established at convenient places throughout the North and Northwest, where those interested in Florida may secure all information desirable.

LOCAL OVERFLOW.

Mrs. O. P. Cannon and children of Rocky Point are spending a few days at Seabreeze, where they will probably receive much benefit. They are on their annual outing.

Curtis Baird of Kanapaha, one of the efficient employes of T. J. Swearingen in the sawmill department, was in the city yesterday. Mr. Baird formerly resided here, and has many friends.

Hon. A. P. Stuckey of Ocala, president of the Gainesville and Gulf Railroad and one of the most widely-known men in Florida, was at the Brown House yesterday. Mr. Stuckey came to attend the stockholders' meeting of the Gainesville and Gulf Railway.

Hon. S. M. Simonton of Tampa, a prominent lawyer of South Florida and legal counsel for the Gainesville and Gulf Railroad, returned to his home yesterday, after a brief official visit to this city. Col. Simonton attended the meeting of the Gainesville and Gulf directors yesterday, and appeared perfectly satisfied with the result.

Captain J. A. Tucker of Rochelle was in the city yesterday. Captain Tucker is one of the most influential citizens of the county. He has many friends in this section, all of whom are willing to stand by him politically or otherwise. Captain Tucker was for eight years a justice of the peace in his district, and performed the duties of that office faithfully and well.

A Delightful Entertainment.

Miss Mamie Wilcox, in honor of her friend, Miss Alta Pearson of Ocala, gave a "heart party" Friday evening.

Miss Wilcox has a reputation for entertaining, and had prepared for this occasion with her usual idea of entertaining. There was a big crowd, six tables being filled, to say nothing of the guests who were not interested in "hearts." At the conclusion it was discovered that Frank Clark, Jr., had won the gentleman's prize, a handsome paper knife, while Miss Ida Redding was the winner of the lady's prize.

The occasion was a most pleasant one, and those who were there are under obligations to Miss Wilcox for the excellent manner in which they were entertained. They were also delighted at the opportunity to meet Miss Pearson.

New Hair

Ayer's Hair Vigor makes the hair grow because it is a hair-food. Feed the hair-bulbs, and the hair grows. That's nature's way, and that is all there is to it. Strong and healthy hair stays in, keeps soft and smooth, and grows thick and heavy. Then aid nature with Ayer's Hair Vigor. A little of it often does great things. There's genuine comfort in a handsome head of hair!

MR. HOBBS ON CELERY QUESTION

Believes Celery Can Be Grown Here As Well As Elsewhere.

PLANTED FIRST SANFORD BED

Demonstrated Fact That Celery Could Be Grown As Well On Sandy As Muck Soil, and Started the Industry There—Probably Experiment Here.

Chas. L. Hobbs, formerly of Miami, where he acted as cashier of the Fort Dallas Bank, later of the Bank of Dunnellon, and an all-round progressive young man, is in the city for a few days on business.

Mr. Hobbs is quite a developer, notwithstanding that he is comparatively a young man. He enjoys the distinction of planting and successfully marketing the first celery crop in the immediate Sanford territory, demonstrating to those who were doubtful that celery could be grown with profit on a sandy soil. Mr. Hobbs also through his efforts demonstrated that celery growing on the East Coast proves profitable, with the result that acres of it are now grown and shipped from Indian River. He states that he believes celery can be grown in this section successfully, and may make a demonstration within a short time.

"Do you know that upon the success of the farmer depends the success of this country?" remarked Mr. Hobbs, in speaking of matters in general. "You show me a country where the farmer and the trucker is prosperous, and I will show you a country where the banks and merchants are getting along nicely. I will show where the bank statements will show to a big advantage, and where almost everybody who is not 'too lazy' will be found in comfortable circumstances."

Mr. Hobbs, who is quite interesting to talk with, is practical in his views. He admits that the farmer and trucker is the mainstay and backbone of any community, and gives the reasons for his belief. If the tiller of the soil, it makes no particular difference what he grows, harvests a good crop and receives good returns, the bankers and the people generally are bound to prosper.

Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases, and no family should be without it. For sale by all druggists.

OLD SORES OFTEN LEAD TO CANCER

Whenever a sore or ulcer does not heal and shows signs of becoming chronic, it should arouse suspicion, because many of these places lead to Cancer. It may appear as an ordinary sore at first, and is given treatment as such, with some simple salve, wash or plaster, with the hope that the place will heal, but the real seat of the trouble is in the blood and cannot be reached by external remedies, and soon the sore will return. After awhile the deadly poison begins to eat into the surrounding flesh and the ulcer spreads rapidly, becoming more offensive and alarming until at last the sufferer finds he is afflicted with Cancer. Cancerous ulcers often start from a boil, wart, mole or pimple, which has been bruised or roughly handled, showing that the taint is in the blood, perhaps inherited. Another cause for non-healing ulcers and sores is the remains of some constitutional disease or the effects of a long spell of sickness. S. S. S. goes down to the very root of the trouble and cures so thoroughly that there is never any sign of the trouble in after years. As soon as the system gets under the influence of S. S. S. the place begins to improve, the discharge gradually grows less, the inflammation leaves, the flesh resumes its healthy color, and soon the sore is well, because every vestige of the cause has been removed from the blood. Book on sores and ulcers and medical advice without charge.

I was suffering greatly from a cancerous ulcer on my left breast, which had begun to eat, and at times would discharge very offensive matter. I knew the trouble was hereditary as an only sister, my mother and two of her sisters died of Cancer. I am fully satisfied I would have gone the sameway but for S. S. S., which cured me.

IMPORTANT MEETING OF THE G. & G.

Directors are Determined to Push the Construction Forward.

OCALA MEN WERE HERE

The Ocala Board of Trade Sent a Committee to Confer With the Board of Directors About Running Main Line Through Brick City.

An important meeting of the directors of the Gainesville and Gulf Railroad was held in this city Saturday, a full board being present.

There were many matters of importance to come before the meeting, but few of them were given out for publication at this time. It is known, however, that preparations are being made for extending the line southward from Fairfield to Tampa, and it is said that there is plenty of money behind the venture.

A committee of the board of trade from Ocala, comprising George Crom, Maurice Strauss and E. P. Thaggard, appeared before the meeting. These gentlemen had come from Ocala as representative citizens, and asked that the board of directors and others in authority arrange to construct the main line of the proposed extension through Ocala, instead of making a branch line, as had been proposed.

Members of the committee were interviewed Friday as to the success accomplished in their mission. "We feel encouraged," said a prominent member. "The management of the Gainesville and Gulf realize that it would be better to run their main line through Ocala, but the question with them is, whether it will be practical. We feel, however, that they will consider the movement justified, and will give Ocala the advantage of a main line.

"Ocala can give the Gainesville and Gulf a lot of business," continued the member of this committee. "Ocala and Gainesville are good towns, and think what an advantage would be given to both cities if they were in direct communication with each other. I believe that the directors of the road are going to treat us fair and 'twist' the main line towards Ocala if there is a possible chance."

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. A Runaway Automobile.

Henry Futch, traveling representative of the produce firm of C. W. Zarling & Co., Jacksonville, is in the city on a brief visit to his family.

Mr. Futch is suffering from an automobile accident, which occurred near Palm Beach Thursday night, and from which he sustained several bruises. The machine in which he was being driven became unmanageable, and at the rate of about thirty miles an hour the machine dashed over an embankment. Mr. Futch was taken to a physician nearby, when it was discovered that his injuries were limited to a few severely sprained joints. It was fortunate that the machine was being run over a sandy road at the time.

Letter to W. N. Wilson, Gainesville, Fla.

Dear Sir: Now, may be you can't get the goods; if you can, your fortune is made.

Cotton cloth—they call it muslin in some parts—at about the usual price per yard, but wider, twice as wide as some, and better, wears better, keeps white and whole a surprising time in all sorts of wear.

You could sell that cloth for hundreds of miles; there'd be no limit.

A yard goes further; one buys less yards. Wears longer; one buys less often. It always looks right till well worn-out. No one customer buys so much of it, but think of the number of customers!

May be you can't get it in cloth; but you can in paint. Devoe Devoe is as if it were wider; a gallon goes further; you buy less gallons; you pay for less gallons; you pay for painting less gallons—as if one paid less for making a garment of that wide cloth—and it keeps its fresh look and sheds water till you have forgotten how old it is.

It isn't true in cloth, but it is in paint; the less you pay, the better it is; for the goodness of paint is reckoned by gallons; less gallons, more goodness. Goodness in paint is strength. The stronger a paint, the less gallons it takes for a job and the longer it wears. Yours truly,

F. W. Devoe & Co.,
New York.

P. S.: The S. J. Thomas Co. sell our paint.

BITTEN BY A CAT.

Prominent Lady of LaCrosse District Victim of Peculiar Accident.

Mrs. Daniel Chesser, wife of one of the widely known citizens of the LaCrosse section, was the victim of the bite of a cat on Friday which may prove serious, as it is believed that the cat was afflicted with hydrophobia.

It was stated by parties visiting the city Saturday that the cat, which was a house pet and very gentle, suddenly attacked Mrs. Chesser. It was impossible to drive the animal away, and after it had been killed and the head was severed from the body, the teeth still remained firm.

Dr. Roberts was summoned and treated the lady. The head was preserved, and was sent to the State Board of Health at Jacksonville Saturday for examination.

THE BREAKERS

THE BREAKERS is second to none in location and beach attractions. It is the ideal hotel for summer tourists. Situated upon a high bluff overlooking the ocean, and less than two hundred feet from the rolling surf, it combines the benefits of an ocean voyage with the pleasures of a shore resort. The rooms are large all outside, en suite and single with baths, and thoroughly screened. The dining-room is on the ocean side and one of the most attractive rooms of the hotel. Electric lighting, telephone service and immediate connection with an up-to-date livery.

Bus will meet all trains.

In addition to The Breakers it has been possible to add the use of the Clarendon bath houses, bowling alley, pool tables, dancing pavilion and the famous Clarendon fishing pier. The table will maintain the high standard to which Mr. Holt pledges himself, wherever he assumes the management.

The remarkable record for healthfulness, especially for children, is a well established feature.

The proof of all is to join with the many who are booking for the season.

When you buy of your home merchants you are helping the town and thereby sharing in the profits of your own purchase.

There are 16,000 weekly newspapers in the United States with a combined circulation of 31,000,000 and there are 2,200 dailies with a combined circulation of 15,000,000.

The merchant who uses stationery decorated with gargling oil, axle grease or other cheap advertising matter is, to the home printer, what the mail order house is to the home merchant.

The number of crimes is on the increase, and they can be traced back to homes in which parents were too ambitious for their children in the direction of social prominence and too neglectful of them in the direction of character.

Don't teach your children that it is a shame to wear worn and patched clothes if your are not able to afford better, but that it is no honor in wearing new ones that are not paid for. A poet said, "Remember, that rags may cover a boy who will some day be the great world's joy."

The man and woman who try to make their home the most interesting spot on earth for each other, and for their friends and those who are near and dear to them, have but occasional use for the club. It is to them, like the theatre, a pleasant place to enter now and then, but not a spot to dwell in.

Many a woman goes out shopping dressed in silk and enveloped in perfume whose hard-working husband hasn't had a new suit of clothes or a decent meal in five years. Yes, and many a loafer stands on the street with a stinking pipe in his face, his tank full of "booze" and his mouth full of profanity, whose hard-working wife hasn't had a new dress or a kind word since she was married.

MR. SAGE'S WILL.

The best thing that Russell Sage ever did was making his will. His life, devoted as it was, entirely to the making and saving of money, was not an edifying spectacle, nor one which can be held up as an example to our children. Undoubtedly he was happy in his career of amassing a tremendous fortune, but that does not make the life itself appear the less sordid and mean.

But his will was a dignified and altogether commendable document. For Mr. Sage to have willed his fortune to charity would have been hypocritical. It would have been entirely out of keeping with his whole life. He was not a philanthropist when living and he wisely refrained from posthumous charity. His treatment of his relatives seems to have been entirely reasonable and wise. There had been little in common between Mr. Sage and his relatives. Their ways of life separated widely. They were not accustomed to the use of large sums of money, and to have bequeathed them millions would have perhaps been more a calamity than a kindness to them. So he gave them sums of money sufficient to raise them above poverty, but not large enough to tempt them into wild extravagances.

He left this great fortune to his wife, a woman advanced in years, of quiet tastes, and not at all likely to squander the fortune that it had taken Mr. Sage so many years to acquire. Mr Sage must have known that his wife, with her religious and philanthropic disposition, would probably devote the fortune to charity and religion, and in bequeathing her the money he practically made her trustee of the fortune be used for such purposes.

In order that a town or city may make a substantial and steady growth it must have factories so as to induce people to make their home there. People will flock where there is employment. City or public work will give employment to but few men, and that only for a portion of the year. The question of securing factories and other sources of employment must be agitated and inducements held out to either the citizens or outsiders to invest, or at least investigate the possibilities of successfully operating plants here.

All honor to the man who earns his living by honest toil. He it is, above all others, who is always pulling for better things. He is always on the front seat of the community band wagon. He is the first resident to greet the stranger and tell him that he is visiting the best town in the State. He is ready to fight, at the drop of a hat, the fellow who willingly runs down the community's best along with its worst, and there is something inspiring in his cordial invitation to the chronic croaker to "move somewhere else."

There are few towns where the stores present a more pleasing appearance than those of Gainesville. Our merchants take a pride in the appearance of their respective places of business and such pride is certainly commendable. That is not all, they carry good, clean stocks of merchandise and their reputation for fair dealing draws a splendid patronage from the surrounding territory.

One of the metropolitan papers tells of a man who held a stick of dynamite close to his breast and then lighted a fuse. The last seen of him he was going off with the dynamite.

How much better it is to take the brambles out of the path of your friend than to add thorns to wound his feet.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

We would be glad to see all children grow to useful manhood and womanhood. They should be trained along the lines of industry. In short the home ought to be a sort of school for manual training, that through this useful occupation the real bent of the child's mind might be readily perceived. Not all work, neither all play, but enough of both to make work and pleasure alike enjoyable and refreshing. Thus the child might be trained in useful ways and obtain physical vigor now almost impossible by the usual strain put on the child inclined to studious habits.

The old saying that an "idle brain is the devil's work shop and idle hands his tools"—oh, how true, this saying is. It is to this shop that the tattler goes for material wherewith to blight some happy home or attempt to ruin the character and reputation of their fellowman, by falsifying his good name, and forever destroying his bright prospects for the future. You cannot realize how low down and contemptible a village tattler is, until you have seen some of the results of their tattler's tales.

It is now declared by experts that the cigarettes made by our highly protected tobacco trust are "worse than tinned meat." It is also said that the much highly protected American whiskey is worse than tainted beef; that even breakfast foods and sugar are adulterated. But what are we going to do about it?

Labor is one of the supreme laws of life. Toil is honorable. The progress which the world has made is a glorious testimonial to human handiwork. Those who work know more of genuine happiness than those whose lives seem dedicated to idleness.

The sanitary inspector has found that there are some filthy candy factories in Chicago. This ought to create a boom in home-made fudges.

Under the present administration Secretary of War Taft seems to have a steady job at shelling the political woods.

BAD BREATH

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. I therefore let you know that I shall recommend them to any one suffering from such troubles." Chas. H. Halpern, 114 E. 7th St., New York, N. Y.

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers."

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Orlando is building a brick school house at a cost of $23,000.

Carrabelle will soon have a large, complete, up-to-date concrete plant.

Palm Beach will erect a brick or stone school building to cost $35,000.

Good money has been made this season by the peach growers of Volusia county.

There will be the usual crop of the Japanese sugar-cane grown at DeLand this year.

So far this season Sanford has shipped vegetables to the amount of $400,000, breaking all records.

The Ocala Fire Department are now back in their regular quarters, much to the delight of the members.

The Miami Gas Company has received its charter from the Governor and is ready to begin operations.

Tampa's cigar factories cannot keep up with their orders, and additional cigar makers are badly needed.

The citizens of DeFuniak Springs have voted against issuing $10,000 of bonds for public school purposes.

Bartow has organized a board of trade, and it is reported that there is not a vacant house in the little city.

There is more water now in the Florida flat-woods than there has been for many years. The great rains the past three or four weeks have flooded everything.

Messrs. Mayes and Lewey, two newspaper men of Pensacola, were arrested for allowing stagnant water to remain on their premises. Each was fined $2 00 and costs.

The Florida melon crop shipped out of the State this year, over the Atlantic Coast Line up to July 16th, amounted to 1,386 carloads, against 1,826 carloads for the same time last year.

Nine hundred and seventy-eight cars, or ten miles of cars, loaded with lumber, are "all balled up" in the Jacksonville yards. The congestion is due to the fact that there are not enough vessels in port to take it away as fast as it comes in.

A special term of circuit court for Lee county was called Wednesday for the purpose of giving immediate trial to J. Newton Edwards, charged with the murder of Robert Carson at Fort Myers. The court house was packed with spectators. The killing of Carson greatly excited the community and but for the prompt action of the court mob law would doubtless have been resorted to.

Fire Gutted Factory.

Macon, Ga., Aug. 4.—Fire damaged the potato chip factory of C. W. Ivey on College street. This is the second fire in this building within the past two months. The blaze started shortly after 3 o'clock, and had gained considerable headway when the department was called. The loss will be nearly $1,000. Insurance partially covers the damage. No cause has been given for the fire, but it is thought to have occurred from the fires used in the furnaces during the day. The building will be replaced.

The End of the World

Of troubles that robbed E. H. Wolfe of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of general debility." Sure cure for all stomach, liver and kidney complaints, blood diseases, headache, dizziness and weakness or bodily decline. Price 50c. Guaranteed at all drug stores.

With Revolver Gage Ends Life.

Seattle, Wash., Aug. 4.—E. A. Gage, son of former Secretary of the treasury Gage, shot himself through the heart at the Tourist hotel in this city. The Seattle acquaintances of Mr. Gage say that they are not surprised at the suicide, as he has been acting strangely for some time. Mrs. E. A. Gage arrived in the city two days ago and since then has had detectives in search of her husband. The man has been constantly changing from one hotel to another and registering under assumed names.

Don't Grumble

When your joints ache and you suffer from rheumatism Buy a bottle of Ballard's Snow Liniment and get instant relief. A positive cure for rheumatism, burns, cuts, contracted muscles, sore chest, etc. Mr. I. T. Bogy, a prominent merchant at Willow Point, Texas, says that he finds Ballard's Snow Liniment the best all-round liniment he ever used. Sold by W. M. Johnson.

Hanged in Charleston, S. C.

Charleston, S. C., Aug. 4.—William Marcus, the first white man to be executed in Charleston county since the civil war, was hanged here Friday for the murder of his bigamous wife on Sullivan's Island last April. The victim was stabbed forty times with an ice pick. It was not learned until within the last few days that Marcus had a wife and five children living in Cincinnati.

In Self Defense.

Major Hamm, editor and manager of The Constitutionalist, Eminence, Ky., when he was fiercely attacked four years ago by piles, bought a box of Bucklen's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of burns, sores, cuts and wounds. 25c at all drug stores.

YELLOW PERILS NOT SO BAD.

Kaiser in an Interview Points out that Red Danger Is Far the Worse.

New York, Aug. 4.—A cable dispatch to a morning newspaper from Paris says that the M..... publishes an interview had by its [illegible] correspondent with Emperor William in which his majesty said the yellow peril was not the sole danger threatening the world, there [illegible] being the red danger.

"The heads of states," he added "whether monarchy or republic, hourly risk their lives. President Fallieres runs the same risk from the red peril as myself or King Alfonso. Those aiming at the abolishment of all industry and government are a peril as well as the yellow race."

Speaking to a French naval officer the kaiser said:

"It is freely reported that I am pleased when I learn that some fresh scandal has broken out in the French army. It is absolutely false. We Europeans live too closely together and our national lives are too much intermingled for us not to feel ill at ease occurring to any single nation. Any harm befalling the French army fills me with uneasiness—as [illegible] militarism is an international pest. The nations rejoicing thereat resemble a city [illegible] jobbing at an outbreak of cholera in a neighboring town."

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton st., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and $1.00. Trial bottle free.

Derelict Is Dynamited.

New York, Aug. 4.—The United States cruiser Tacoma, anchored off Tompkinsville Thursday night, received a wireless message from the cruiser Columbia saying she had found and dynamited a derelict off Tacoma and having accomplished her mission, the Columbia would sail for Tompkinsville at once.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy stock of hair, yet if the scalps of these same men once become infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

SOUTHERN BELL EXCHANGE AT MICANOPY

One Will be Established at That Point in Next Few Weeks.

LARGE LIST OF SUBSCRIBERS

Many Professional and Business Men and Residents, Appreciating Value of Standard Long-Distance Service, Subscribed to 'Phones.

Thomas Blair, a member of the constructing department of the Southern Bell Telephone and Telegraph Company, has returned from a visit to Micanopy, where he has been for the past three or four days. He accompanied Mr. Crews, another construction attache of the Southern Bell, and between the two it has been said that a right-of-way has been secured, the line will be constructed, and within a short time Micanopy will have a Southern Bell telephone exchange.

It is further learned that the people of Micanopy are in hearty accord with this new movement, and that forty-two subscribers have already signed the list. An estimate has been submitted and will be accepted, and in a short time the progressive citizens of Micanopy will be in touch with the outside world through the Southern Bell system.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O Stockland, pastor of the First M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by all druggists.

Root Made Brilliant Speech.

New York, Aug. 4.—A special to the Herald from Asbury Park, N. J., says "that the most brilliant speech on the subject I have ever heard and it will do much good to all the countries concerned," said Ignacio Calderon, minister from Bolivia to the United States, when seen at the Colonial here and asked for his views on Secretary Root's speech at Rio Janeiro. "We of the Americans should be brought closer together," he continued. "I have always favored such a move."

Chas. Hodson Breathes His Last.

London, Aug. 4.—Charles Hodson, for thirty years chief clerk of the American embassy here, died Friday. Mr. Hodson served under eight ministers and ambassadors. With James Russel Lowell, particularly, he was on intimate terms of friendship, and he leaves a set of Mr. Lowell's books, each inscribed "to my dear friend," and a most interesting collection of letters. Mr. Hodson and Mr. Lowell having kept up a correspondence after the latter left London being the texts of the the letters.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Railway Carpenters Strike.

Columbus, Ga., Aug. 4. Twenty-five carpenters and car inspectors of the Central of Georgia railway in Columbus went out on a strike Thursday at 11:45. It is understood that the strikers demanded a uniform advance of 2½ cents per hour, and though the company granted from 1 to 2½ cents per hour, the workmen were not satisfied with the advance and went out. It is understood that there is a strike in Macon also.

Why Fret and Worry

When your child has a severe cold? You need not fear pneumonia or other pulmonary diseases. Keep supplied with Ballard's Horehound Syrup—a positive cure for colds, coughs, whooping cough and bronchitis. Mrs. Hall, of Sioux Falls, S. William Weber Suicides.

Huntington, W. Va., Aug. 4.—William Weber, who took laudanum with suicidal intent Thursday, died Friday morning. Weber's wife killed herself by drowning two months ago, and grief over her is supposed to have caused the rash act. Weber's home was at Beaumont, Tex. He had recently been awarded the contract for the new government building at Los Angeles, and held several other government contracts.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

$800,000 Fire Loss.

Milan, Italy, Aug. 4.—Fire, which broke out here Friday in the international exposition, did considerable damage. The sections devoted to decorative arts of Italy and Hungary were totally destroyed, as was also the pavilions, in which were installed the exhibits of Italian and Hungarian architecture. The damage is estimated at $800,000.

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant of Magnolia, Ind. The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at all drug stores.

Want Italian Immigrants.

Chicago, Aug. 4.—The Countess Maria Frenfanelli Cibo, of Rome, Italy, is in Chicago promoting a scheme to increase the immigration of Italians with the purpose of encouraging them to become farmers. The countess is an American by birth, being a cousin of Ogden McClurg, and a former resident of Racine, Wis. Her husband is a descendant of the same old Italian family to which Pope Innocent VIII belonged and has a place and a villa outside the city.

First Bale Bring 20 Cents.

Savannah, Ga., Aug. 4.—Georgia's first bale of this season's cotton, which arrived here was sold at auction and brought 20 and 1-32 cents per pound. The grade was fully middling.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by W. M. Johnson.

CHARGE DECLARED UNTRUE.

Lesser Investigates Charges Against Jackson Lumber Company.

Birmingham, Ala., Aug. 4.—Emil Lesser, president of the German Immigration society of Alabama, has returned from Lockhart, Ala., at which place he has been for three days investigating the charges of peonage in the camp of the Jackson Lumber company.

Mr. Lesser has prepared a report which will be submitted to Governor Jelks, in which he says that no trace of peonage exists at the camp.

His report says in part: "I have interviewed nearly a hundred laborers and have not found a single person who could or would make any complaint about peonage or cruel treatment. All the men I spoke to stated they could leave if they wished. If peonage has existed at Lockhart, then all trace of it had been removed before my coming. The German vice consul at Pensacola authorizes me to say officially and positively that the statements as to complaints being made to him by Germans escaping from these camps are absolutely false."

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Dempster Not Present at Inquest.

Canonsburg, Pa., Aug. 4.—Fearing a demonstration Coroner Sipe decided not to have Elmer Dempster, the self-confessed murderer of Mrs. Margaret Pearce and her two children, present at the inquest which was held here Friday afternoon. Little Robert Pearce, the fourth victim, who was dangerously wounded, is doing well and will probably recover.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine, for those troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

Students Didn't Like Discourse.

ELECTION ENDS IN RIOT.

Two Men Lose Their Lives in Duel at Memphis.

Memphis, Tenn., Aug. 5.—One man was killed, another fatally wounded and a third injured in a duel in the polling place of the fifteenth district at North Second street and Randolph road within a few minutes after the polls closed Thursday afternoon.

J. G. Wellington, a saloon keeper at Thomas avenue and Marble street, was riddled with buckshot from a repeating shotgun and died almost instantly.

W. J. Cooke, a watchman in a lumber yard, acting as judge of election, was shot in the side and will die. He was taken to the city hospital.

B. E. Conn, another judge of election, residing at North Second street and Randolph road, was shot in the heel. He was not seriously hurt.

The trouble arose over the county election which was held Thursday. Wellington insisted on being present at the counting of the ballots, and in an argument Wellington is said to have drawn a revolver and began shooting. According to the story told the police, Conn rushed out of the polling place, secured a shotgun and began firing. The first shot fairly riddled Wellington with buckshot.

Wellington kept on firing until he dropped, and when the smoke of battle cleared away Cooke was found on the floor desperately wounded, a bullet from Wellington's revolver having pierced his side.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

READ THIS.

STEVENSON, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. DANIEL.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 828, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.
